

## ColombiaCare Progress Report - #1– July 15 2004

ColombiaCare supporters,

The following is the first report of ColombiaCare to its donors and other interested parties. Again, we want to thank you all for your support. With this report and future ones, we want to assure you that your help is already at work!

**Fundraising.** Active fundraising started at the end of March 2004. All of the donations to date have been from individuals. We have received \$5,500 to date. THANK YOU ALL!!!!. We are continuing our fundraising efforts and have started to apply for grants from foundations. We have also received some school supplies that we will be sending soon to the Altos de la Cruz school.

**Remodeling of Altos de la Cruz School.** In early June, we sent our first contribution for the remodeling of the school. We sent \$3,000 to *Fundacion Jera* in Cali, Colombia, which is the organization that is managing the remodeling of the school. The remodeling started on June 15, and is expected to be completed by the end of August 2004. The following is the status as of July 10, 2004:

**Water tank:** The concrete foundation and the supporting walls for the water tank have been completed and the tank has been installed

**Toilets:** The walls, roof and installation of water pipes are completed. The facilities will include two regular toilets, 1 urinal and 1 sink.

An internal wall was removed to make space to add one bathroom for the teachers and one window was relocated.

### Details of expenses until now:

Construction Materials: \$826

Labor: \$569

Bathroom equipment \$270

Please visit our page <http://www.colombiacare.org/ProjectStatus.htm> to see pictures of the construction progress. It is YOUR money at work! We will send another report in the near future.

Thank you again for helping to improve educational facilities for Colombian children.
